

10.000 €

... is paid by the job centre for the coding course of a single job seeker

Many Issues

10-20% of job seekers in a coding course has a career path that *does not benefit much* from writing coding

much from writing coding

Though some job seekers can succeed in a 3-month course, others need a 6-month or a longer course to be able to succeed

be able to succeed
month or a longer course to

Some job seekers cannot succeed in any coding course on the market today, and would need a *pre-coding* course which does not exist as of now

does not exist as of now
pre-coding course which
